

VOTE JO GRADY FOR UCU GS

TOGETHER WE HAVE ACHIEVED SO MUCH

My cast-iron commitment to taking FE as seriously as HE has seen us devoting more resources than ever to the recent coordinated pay ballot, with wins at a record number of colleges in England.

In prison education, we've built density which saw us doubling in membership and winning a pandemic health and safety ballot.

I commit to ensure UCU will continue to:

- Fight for investment in pay, and in a well-trained, secure workforce.
- Fight to tackle the recruitment and retention crisis.
- Fight unsustainable workloads and the epidemic of stress-related illnesses.

Building and organising are key. I will give everything that branches and members need to to increase membership, density, local strength, representative structures, and move forward with a clear plan that everyone supports.
